Student Accident Insurance

The School District provides secondary medical insurance coverage that covers your child for injuries incurred while he or she is participating in school sponsored and supervised activities. This plan is secondary to any primary insurance your child may currently have. For the additional extended secondary coverage, you have the option of either printing out an enrollment form and mailing the form with a check or money order or enrolling online. The extended coverage will extend the hours your child is covered and also may cover your child during certain activities not covered in the school purchased plan. Instructions for enrolling for extended coverage under both methods are listed below.

How to Enroll for the Optional Extended Coverage

Go to www.k12specialmarkets.com for further explanation of coverage and for enrollment instructions.

1. Click on Coverage Details at top
